Further to the successful accreditation of the BBA-SCM programme by Hong Kong Logistics Association, Department of Supply Chain and Information Management is proud to announce that the Bachelor of Business Administration (Honours) in Supply Chain Management (BBA-SCM) is granted Provisional Full Exemption from the Professional Qualifying Examinations (PQE) of the Chartered Institute of Logistics and Transport in Hong Kong (CILTHK), starting from the intake year of 2015/16. There are over 33,000 members in the Chartered Institute of Logistics and Transport (CILT) in over 100 countries worldwide while there are over 1,700 members in Hong Kong. With the increasingly globalised supply chain and logistics markets, industry demand for new supply chain talent has been growing rapidly. The granting of full exemption of PQE has demonstrated the academic quality and professional recognition of our programme, as well as paved the way for our graduates to achieve the Chartered Membership status (CMILT) and develop their professional career in the logistics and transport industry.
