

SCM Reunion Cocktail Party 供應鏈及資訊管理學系-顧問委員及校友重聚日

SCM Reunion Cocktail Party was held on 21 September 2018, joined by all SCM friends, including our alumni, external examiners, programme advisors, industrial advisors and mentors. Over 130 people attended the event. The party was held to show our appreciation and support and to serve as friendly get-together to all our valued stakeholders who have supported us over the years.

Our President's started the event by giving welcoming remarks, followed by a keynote speech titled "From Start up to Scale up: What we can learn from the 20th Century Renaissance" by the Co-founder of DHL International (Asia Pacific), Mr Po Chung.

The Head of SCM Department – Dr Stephen Ng highlighted the growth and development of the department in the past eight years and shared many happy memories. As a token of our appreciation, souvenirs were presented to our external examiners, programme advisors, industrial advisors and mentors.

The night was a truly a wonderful experience. Everyone seems to have enjoyed seeing their friends and catching up with one another. This pleasant and wonderful evening was filled with laughter, picture taking and loads of catching up.

Experiential Learning Series AY2018/19 體驗學習系列活動2018/19

The Department of Supply Chain and Information Management organised a series of experiential learning activities in October and November 2018. The series attracted attention from more than 120 secondary school students.

During the activities, our academic staff introduced our BMSIM and BBA-SCM Programme and its future potential career prospects. With the facilitation by our academic team and demonstrators, students grasped a better understanding of the complexity of supply chains and information management systems. Some of them took part in our aptitude test. The results of this test allowed students to assess whether they are suitable for a future positions as business analysts, project managers, etc. Other students participated in our price war game and/or negotiation game, which are app-based games that were designed to teach participants the key to successful negotiation and better decision making. Both of these, helped to shape their experience in price formulation in a highly competitive business context.

由供應鏈及資訊管理學系舉辦的體驗學習系列分別於10月及11月舉行，數場活動合共接觸超過120人。

供應鏈管理及資訊管理學系教授團隊分別介紹管理科學與資訊管理及供應鏈管理工商管理兩個課程的資訊及就業前景。緊接着便開始不同的遊戲，讓參加者對供應鏈及資訊管理的運作有初步了解。遊戲包括職業導向心理測驗--有助學生了解他們的個性是否適合從事各種特定職業 (如業務分析師，項目經理等); 談判和價格戰遊戲則讓參加者透過遊戲學習成功談判技巧並體驗在競爭激烈的商業環境中價格制定的流程。

HKTVmall's Robotic and Automated Pick & Pack System Visit 參觀HKTVmall大型機械及自動執貨系統

HKTVmall's Robotic and Automated Pick & Pack System Visit was held on 29 November 2018. This visit provided SCM students an opportunity to learn about an innovative robotic and automated pick & pack system originating from Germany. This system is the first of its kind in Hong Kong, comprising a conveying system, an automatic picking system, an automatic storage and retrieval system and tote handling systems including the software for the material flow control and automatic management. It fully mechanizes and automates previously labour-intensive logistics procedures. Through the visit, SCM students learnt not only about the system's features, but also the latest development in the online shopping industry.

HKTVmall由德國引進自動執貨系統，這是全港第一套自動執貨系統，包括傳輸系統、自動執貨系統、自動儲存及檢索系統、包裹處理系統、物流控制及自動管理軟件等，它能將以往繁瑣的物流程序機械化及自動化。供應鏈及資訊管理學系為學生安排在2018年11月29日到HKTVmall物流中心參觀。經過這次參觀，學生不但能認識這套系統的運作，更加深了解香港網購的最新發展。
